

What items do you need for the students and families you support?

Through our website, givit.org.au, GIVIT matches quality donated goods with schools and eligible services around Australia. From school shoes to a comfortable bed, stationery or a fridge, GIVIT is here to help you source essentials for the people you support.

Step 1

Visit the GIVIT Schools website givit.org.au/schools and click 'Need Help'

Step 2

Follow the link and apply to register with GIVIT

Have your school's ABN and the details of two professional referees ready. Read and agree to GIVIT's terms of participation before proceeding.

Step 3

Wait for your welcome email and GIVIT user guide

GIVIT needs to complete referee checked before approving your registration.

Step 4

Log into your GIVIT portal and search the virtual warehouse for items needed

Simply reserve what you require, bearing in mind the donor's location and required delivery method.

Step 5

List requests for other items needed

Include information to motivate community-minded people in your local area to donate.

Step 6

Contact donors to make arrangements as soon as you receive a donation notification in your inbox

Step 7

Update your GIVIT portal to reflect the status of a donation

If a donation isn't going ahead, the sooner you update your GIVIT portal, the sooner you can secure another suitable donation in its place.
